
HAMMERHEAD
EXPLORER 6.7

EVERYDAY ADVENTURE

The Explorer 6.7 is the perfect midsize day boat, combining ease of use, comfort, and confident performance in one versatile package.

Designed for families and first time boaters alike, the 6.7 offers a stable and approachable platform for days spent on the water. Agile, practical, and easy to manage, it adapts effortlessly to everything from relaxed cruising to high energy water sports. Thoughtfully laid out for comfort and usability, it delivers the durability, safety, and dependable performance expected from every Hammerhead craft.

HAMMERHEAD

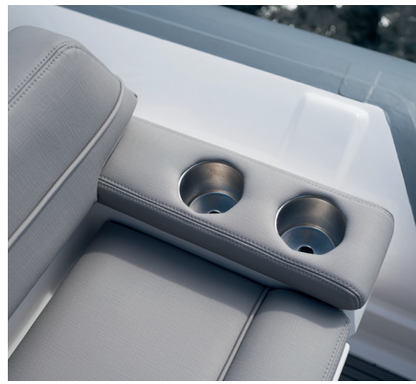

COMPACT SIZE
SERIOUS CAPABILITY

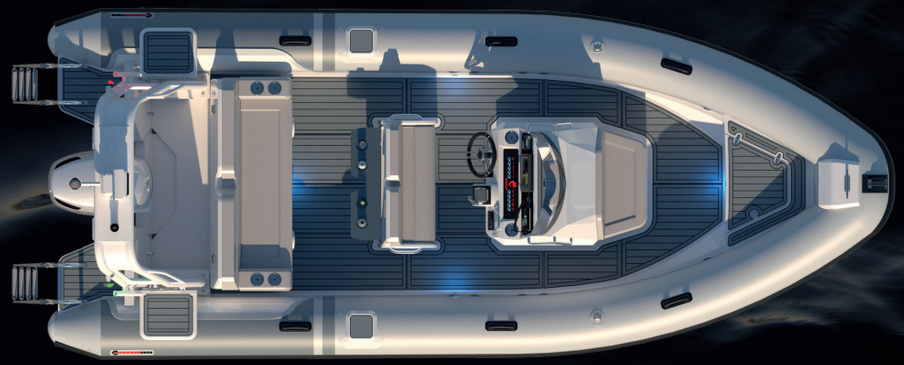

Built tough and engineered for exceptional handling, the Explorer 6.7 delivers a confident and responsive ride in a wide range of conditions. Precision built using premium materials and advanced construction techniques, every detail is designed for lasting durability and dependable performance over time. Combining strength, stability, and refined craftsmanship, the 6.7 reflects the same uncompromising standards found across the Hammerhead lineup.
